## Boardwalk Boutique Hotel Hosts Various US Media and European Partners

ORANJESTAD - September was an action-packed month for Boardwalk Boutique Hotel, welcoming Jenny Hart (Food & Wine) and Katherine Parker-Magyar (The Recorder Newspapers) of the Live Like A Local press group that PR Agency Zeno brought to Aruba to experience every aspect of the island from a more local and authentic perspective.

Boardwalk organized a BBQ night on one of the casita's private patios for Jenny Hart, while local partner Green Fish prepared a fresh catch of the day, paired with ceviche, funchi and other local dishes. Hotel reps Kimberly, Shari and Trisha joined Jenny during this BBQ dinner. Post-stay the press members shared: "we loved our stay at Boardwalk Boutique Hotel and had a great time learning about

local activities and culture, as well as, trying delicious authentic Aruban cuisine. Truly a local experience". Award-winning TV Host and vegan chef Carolyn Scott Hamilton, stayed at Boardwalk for a few nights and will pen down her Aruba experiences on The Healthy Voyager. During her stay at Boardwalk Carolyn experienced a unique foraging excursion, scouting eatable flowers in Aruba's countryside with local foraging-expert Frank Kelly aka Taki. She also joined the new wellness program including yoga and scent therapy that Boardwalk offers beachfront.

Carolyn's feedback on her Aruba visit: "I loved my experience at the Boardwalk and this hotels' dedication to sustainability and wellness, plus the vegan breakfasts from Eduardo's! And mee-

ting Taki and chef Urvin Croes were true highlights of my trip, my favorite part of traveling is meeting inspiring people like them along the way".

A fun property visit was hosted at Boardwalk in honor of the participants in ATA's Aruba Meets Europe program. After touring the lush property grounds donning 46 Caribbean-style casitas, the European visitors were treated to specialty drinks prepared by Frank Kelly aka Taki. All AME participants were excited to see the variation in casita-layouts and additional amenities and guest services that Boardwalk now has to offer. Great interest from the European market for sure and Boardwalk is looking forward to new collaborations with new and existing European partners!

ARUBA BRAND T-SHIRT

Ronella Croes CEO  
ARUBA TOURISM AUTHORITY

Dear Visitor,

***Welcome to the One happy island or as we say in Papiamentu - Bon bini!***

On behalf of the Aruba Tourism Authority, we thank you for choosing Aruba as your vacation destination. We, at the ATA, are very proud of the remarkable tourism recovery Aruba has seen over the last two years. This recovery has been possible by countless local stakeholders, the local community, and all the wonderful visitors to the island, such as yourself.

As a destination, we are embracing the High-Value, Low-Impact tourism model.

Aruba will continue focusing on the economic contribution of the tourism sector, the quality of the visitor experience, environmental protection and conservation, and our residents' quality of life.

For our part, the Aruba Tourism Authority, through different initiatives, will highlight the importance of our natural resources, our well-known hospitality, and the safety and security of our visitors which they have grown accustomed to.

While you are visiting Aruba, we encourage you to go out, explore and enjoy all that the island has to offer!

Dear Visitor,

***I would like to give you a warm welcome to our One Happy Island Aruba.***

It is an honor that you choose our little haven as your vacation destination and that is why we do our best to accommodate you as comfortably as possible to experience the best our island has to offer. As the Minister of Tourism, my focus is to provide our visitors with excellence and quality, offering a one-of-a-kind and unforgettable visit.

The world is quickly changing and as we have been taught, working towards a more sustainable future is the only way forward. Therefore, we are focusing on the preservation of our flora and fauna, cultural heritage and eco-friendly activities for everyone to enjoy.

Aruba may be a small island but has so many wonders to offer, only to mention a few, my personal favorite highlights of Aruba are the Arikok National Park, Aruba's Lighthouse, and San Nicolaas district with their art murals, bohemian cafés and beautiful beaches.

My compromise with Aruba is to uphold our tourism to the highest of standards while preserving the natural resources that we have been gifted by our planet. I hope that when you are in Aruba, you enjoy yourself while taking care of our beautiful paradise and feel as a part of our family. Remember that we will always await you with open arms and this is your home away from home.

Your Excellence,

Mr. Danguillaume Oduber

**Josue Santana**  
Front Desk Manager - RIU Palace Aruba

To our treasured guests,

## *Bonbini to Aruba!*

We are delighted you chose Aruba as your vacation destination. Whether it's your first visit or you have been here before, Aruba offers a great vacation experience. We look forward to sharing our unique sites and ambiance with you and hope – above all – that you get to know our people and the warm and welcoming hospitality.

AHATA's members encourage you to help us preserve local flora and fauna for future generations and we invite you to support our valiant sustainability efforts while enjoying an array of available activities.

Every square mile of Aruba is a gem waiting to be discovered, whether it's the endemic nature on the Northside, the shopping activity of Oranjestad, the charm and Caribbean culture of the San Nicolas art district, or the serene white beaches and crystal-clear turquoise waters.

Our island's culinary offering can please a wide variety of pallets. You can enjoy traditional meals such as goat stew "cabrito stoba," stuffed cheese "keshi yena," or fried fish "pisca hasa cu funchi". The diverse gastronomic scene boasts international dining experiences varying from European to Asian, African, Latin American, and Caribbean flavors.

Through it all, you can delight in a level of hospitality and service that is deeply ingrained in our Aruban culture. We encourage you to get to know our people and form a deeper bond with Aruba and its rich historical background.

Thank you for visiting Aruba. We look forward to welcoming you back again and again!  
Warm regards,

Tisa LaSorte  
President and CEO  
Aruba Hotel & Tourism Association

## Rescue. Love. Adopt.,

This week, our bully pup Asha deserves the spotlight. She was rescued after being hit by a car. Sadly her overall condition and bloodwork weren't good enough for operation, resulting in her backleg having to be amputated next week. Luckily dogs have 4 legs and we've seen great results with previous "tripod" rescues who are now living happy lives. Should you be interested in welcoming this sweet puppy girl to your family, scan the QR code for our application form.

### Suggestion:

Do you love animals and want to spend a few hours during your vacation helping out with caring for the rescue animals of Sgt. Pepper's Friends foundation? You can sign up through their instagram @sgtpeppersfriends or email transport@sgtpeppersfriends.com to come and help out for a morning! For more information about the foundation, adopting, donating or transporting, scan the QR Code.

# Aruba Airport is the 1st airport in the world to receive Green Globe Certification

**ORANJESTAD - After realigning Aruba Airport Authority N.V.'s (AAA) vision, goals, and objectives in 2021, in which sustainability was defined as one of the most important strategic pillars of the company, AAA reviewed pursuing possibilities for certifications on sustainability. Certifications are important tools to verify if a company's efforts on sustainability actually result in more sustainable operations, have an impact on a country's Sustainable Development Goals objectives and contribute to a better planet. For 2022, AAA chose to undergo an independent assurance audit on sustainability to pursue the Green Globe Certification.**

In the past week, AAA received the exciting news that Queen Beatrix International Airport (Aruba Airport) became the first airport in the world to receive the Green Globe certification. Green Globe is one of the leading certification programs for sustainable operations and management of travel and tourism worldwide and AAA is very proud of this achievement. AAA has focused its sustainability efforts in its airport operations by implementing building management systems, reduction of energy consumption initiatives, pilot waste projects, purchasing policies and Green House Gas (GHG) emissions report to mention a few. Furthermore, AAA's Wings of Hope focuses on executing community projects based on UN's Sustainable Development Goals with the goal to create a positive impact on the local community.

Green Globe CEO, Birte Pelayo said, "As a busy tourism hub, Aruba Airport has set the benchmark for the Carib-

bean aviation industry. Airport operations can greatly contribute to lowering emissions through on-ground innovations and supporting better flight planning. And as an essential transport infrastructure, the economic and social contributions that airports make are vital to economies underpinned by travel & tourism."

"Aruba Airport is taking the lead, not only in the Caribbean, but globally, being the first airport to be certified under the Green Globe International Standard for Travel & Tourism, the highest level of certification for operation and management of a travel & tourism business. Aruba Airport has indelible connections to the prosperity of Aruba and its sustainable success will deliver tangible and measurable benefits for all in the community," added Birte Pelayo

"Aruba Airport, the first airport to achieve the Green Globe Certification, has done so by creating local impact and achieving global goals. Along with the requirements of their operations meeting international sustainability criteria, their social impact program, Wings of Hope, aligns with the Sustainable Development Global Goals (SDGs). The SDGs stand as a pillar of Aruba Airport's values and operational mission. Through Wings of Hope, AAA integrates sustainable education within the community, environmental action throughout its department operations and encourages environmental responsibility with their partners; all in an effort to reduce emissions and integrate resiliency. I hope that AAA's Green Globe Certification will stand as an influence to other airport and travel entities to consider how their operations are contributing to a positive

climate impact", said Denaye Hinds, the official auditor for Aruba Airport's certification process.

Aruba's Minister of Tourism and Public Health Mr. Dangui Oduber stated "We are beyond thrilled about the announcement, that Reina Beatrix Airport is the first airport in the world that has been certified by the world's leading certification for sustainable operation and management of travel & tourism worldwide, Green Globe. Our island's commitment towards sustainability is unwavering and this is an outstanding accomplishment for all of us".

Director Health, Safety and Sustainability of AAA, Angeline Flemming indicated that "AAA cannot be prouder of this achievement. The efforts by AAA and the Airport community in the past years to make our airport operations more sustainable, have paid off with achieving this prestigious certification."

Joost Meijs, CEO of AAA stated "when AAA set out its sustainability goals and objectives, we expected and aimed to be able to reach certain levels of certification in the two years ahead. We set ambitious goals and in such a short period of time, was able to become the first airport in the world to have achieved Green Globe certification, exceeding our initial expectations. This shows the enormous commitment of our staff and other partners to conduct business with respect to our environment."

About AUA Airport  
AUA Airport is one of the busiest airports in the Caribbean region, with over 20 different airlines operating into Aruba contributing to processing

over 2.5 million passengers per year (pre-covid) and providing air service to more than 25 destinations worldwide. AUA Airport is operationally solid where over 95% of all visitors are leisure guests: 79% from the United States & Canada, 9% from Latin America, 8% from Europe, and 4% from Dutch Caribbean, year to date, August 2022. AUA Airport attributes this to the island's stable economic and political climate, hospitable and multilingual population, and safe environment. AUA Airport undergoes continuous upgrades to maintain its position as one of the region's most innovative airports.

Learn more about what's happening at AUA Airport by visiting [www.airport-aruba.com](http://www.airport-aruba.com) and connect with AUA Airport on [Twitter.com/Aruba\\_Airport](https://twitter.com/Aruba_Airport), [Facebook.com/ArubaAirport](https://facebook.com/ArubaAirport), [Instagram.com/arubaairport/](https://instagram.com/arubaairport/) and [LinkedIn.com/ArubaAirport](https://linkedin.com/ArubaAirport).

## FACTS OF ARUBA

### ARUBAN FLAG

The flag of Aruba was officially adopted on March 18, 1976, along with the official anthem "Aruba Dushi Tera". The four colors each have significance.

- The blue represents the sea that surrounds Aruba;
- Yellow is the color of abundance, representing the island's past and its industries of gold, aloe and oil;
- Red is for the love each Aruban has for the country and the ancient industry of Brazilwood;
- and white symbolizes the snow-white beaches as well as the purity of the hearts of Aruba's people who strive for justice, order and liberty.

The symbols on the flag of Aruba consist of a red star and two yellow stripes. The red star represents the four points of the compass, with the island having drawn people from around the world. The star also represents the island itself, surrounded by the beautiful blue sea.

The horizontal yellow stripes denote the free and separate position Aruba enjoys in the Kingdom of the Netherlands.

The flag and anthem of Aruba have come to signify with the national holiday of Flag and Anthem Day each March 18, the same day that in 1986, Holland accepted Aruba's right to autonomous status in the Kingdom of the Netherlands.

(for guests only)

Aruba

## Cruise Symposium 2022

Cruise Symposium 2022 was celebrated this year on World Tourism Day with a focus on 'experience and products for our visitors. The session started with a speech by Mr. Oduber, Minister of Tourism and Public Health, Ms. Ronella Croes, CEO of A.T.A., and Mr. Marc Figaroa, CEO of APA, followed by a presentation from Aquila Center for Cruise Excellence.

The presentation of Ms. Croes was focused on the strategy and projects of tourism in general and the cruise industry. The cruise industry has challenges and will take some time to reinvent itself. However, the amount of cruise tourists has

increased, and the recovery is evident. The amount of cruise ships that have visited us in the summer is less than in 2019. However, Allure of the Seas helped with the increase in passengers. A lot of efforts have been done in order to welcome the Oasis Class in May of this year; it's the biggest class in the cruise category for Royal Caribbean. For 2020 we are aiming for an 80% recovery, and for 2023 we are projecting a recovery between 90-100%.

The economic growth of the cruise industry is being monitored by A.T.A., APA, and the Minister of Tourism and Public Health. The projection for 2023 is to surpass the numbers

of 2019.

Research by the University of Central Florida is known that 1% of the tourism income is an increase of 0.6% on the nominal GDP of the island. It is essential to offer new experiences and increase their spending while on island. According to Ronella Croes; we have a lot of opportunities to strengthen our cruise tourism through our associates and partners such as FCCA, cruise lines, steak holders like the Minister of Tourism and Public Health, APA, tour operators, taxi operators, the Police Department of Aruba, DTP and all other companies working in the industry.

## Levi Silvanie with a special performance

The Aruba Tourism Authority and the Aruba Hotel and Tourism Association (AHATA) gave a special 'treat' to all working in the tourism and hospitality sector, a live performance by the talented Levi Silvanie.

During a three-day special one-on-one concert, Levi

shared his message about mental health with all present. According to Levi, the challenge with mental health is not always shown on our faces. Levi shared his personal story and battle with mental health and how he found the balance of living with this daily.

Las Palms Ballroom at the Holiday Inn Beach Resort was the perfect setup for this acoustic session with more than 200 attendees. Ms. Ronella Croes, CEO of A.T.A., shared that she is happy to bring a positive message forward that transmits life's principles. Mental Health is a topic that we sometimes forget or ignore, but it is present in our daily life. A.T.A., together with AHATA thought about this special performance to say Thank You and to celebrate World Tourism Day with all working in the tourism and hospitality industry by bringing the talented Levi Silvanie to share his story.

## Corporate Plan 2023

With great pride, the Aruba Tourism Authority handed over the corporate plan and budget for 2023 to the Minister of Tourism and Public Health. The handover took place in the presence of the board members of A.T.A.

For the past months, a lot of internal meetings took place with the entire team of A.T.A. as well as international partners to brainstorm, trend analysis, and create the corporate plan for 2023. After carefully considering all feedback and advice, as well as the conduc-

ted analysis by AHATA, A.T.A. continued the extensive process and approval by handing over the corporate plan and budget 2023 to the Minister of Tourism and Public Health, Mr. Oduber. If we compare with 2019, for 2023, we can predict recovery of 105% in visitors; the tourism fund will recover with 117%, the hotel rooms capacity fund will get to 100% recovery while cruise visitors will increase to 90-100%. The Aruba Tourism Authority anticipates a prosperous 2023 for the destination!

## Aruba at Motivation Luxury Summit

Motivation Luxury Summit is an event exclusively designed for the luxury incentive travel industry, which brings together 50 qualified hosted buyers and 50 exhibitors of luxury incentive travel. With high selection standards to choose and invite qualified Hosted Buyers to this unique event that will provide real business and networking opportunities to companies and destinations in Latin America. MLS offers a unique opportunity to meet and

connect, one-on-one private meetings with exclusive professionals in the luxury incentive travel industry that will allow to expand your horizons. Two days of fully schedule appointment meeting one on one with buyers and filled with networking activities to establish and create new contacts. Aruba was proudly represented by ACB Manager, Jerusha Rasmijn, and the Aruba Marriott-Darysse Croes at the beautiful Puerto Natales.

# Radisson Blu Aruba Honors their House-keeping Heroes for International House-keeping Week

International Housekeeping Week at the Radisson Blu Aruba was a special one that celebrated the tireless efforts of their house-keeping heroes.

“Our Housekeeping Team Members are the heartbeat of our resort and the key ingredient in our recipe for crafting a memorable guest experience,” said Luigi Wix, General Manager of the hotel. “Their tireless work and magic behind the scenes create a clean and comfortable experience for each guest and encourage strong positive comments from our guests,” added Luigi Wix. With its goal of showing appreciation to its

team, the Hotel's Management and HR department organized daily celebrations including a special team breakfast, a pizza party with games, and an afternoon of relaxing massages by a professional masseuse with self-care goodie bags.

Making it more special, the General Manager and Director of Operations personally cooked a mouthwatering BBQ feast for the resort's team. The entire resort team got together and enjoyed an afternoon of BBQ with fun and interactive games, music, dancing, and plenty of giveaways and prizes.

# Refurbishment project of the Anchor of Cas Ariba has started

Oranjestad - On Tuesday morning, the Minister of Tourism and Health was in Cas Ariba where the refurbishment project of the Anchor of Cas Ariba started. This idea came from the group that had organized the popular games at the Cas Ariba dam. This project fits in well with the vision of the government in which work is being done on the refurbishment of the Aruba product.

The Anchor of Cas Ariba was placed at this location for the Varis family in the year 1996. Many tourists use the intersection of Cas Ariba to go to the Arikok Park. As a result, refurbishing the anchor is seen as an attraction for tourists, where tourists like to take

pictures and post them on the various social media.

In the first phase of this project, the anchor will be moved temporarily. The anchor is painted gold and placed on a one meter elevation to be more visible. During this first

phase, a small square will also be created to place the anchor on. This refurbishment project has already started and should be completed in two weeks. This project is funded by Aruba Tourism Authority (ATA) and Tourism Product Enhancement Fund (TPEF).

#### Bubali Garden Homes Price: \$649,000 Beds: 5 | Baths: 4

*Historical 1st electric flight in the greater Caribbean region*

# Official opening of DCCA's "A Flight to the Future" event

ORANJESTAD – November 6, 2022, marked a historic day for aviation in the greater Caribbean region with the 1st electric flight effectuated in the Dutch Caribbean with the Pipistrel Velis Electro of Royal NLR. With this flight the 1st International Air Transportation Event "A Flight to the Future", organized by Aruba Airport Authority N.V. (AAA) on behalf of the Dutch Caribbean Cooperation of Airports (DCCA) was officially opened.

The Minister of Transport, Integrity, Nature and Senior Affairs Ursell Arends had the honor of being the first passenger on this electric flight. "This is history in the making! Being the first ever passenger on board an electric flight in the greater Caribbean region has been both an honor and a thrill. Sustainability and innovation are important parts of the Government's vision for the future and having these electric flights performed within the region is a further testament to our commitment to explore, develop, and implement sustainable efforts."

In the presence of various invited dignitaries from all six Dutch Caribbean Islands, special guests from The Netherlands, U.S., Canada, Latin America, Central America, Europe and Dutch Caribbean airport executives, the flight with the Pipistrel Velis Electro took off at 17:30PM and lasted a total of 15 minutes. The Pipistrel Velis Electro arrived in Aruba last week and was assembled on the Aruba Airport premises to execute the electric flights during the week of the DCCA 1st International Air Transportation Event – A Flight to the Future.

The Dutch Caribbean Cooperation of Airports (DCCA) is a cooperation between all 6 Caribbean Airports within the Kingdom of the Netherlands. DCCA aims to present future focused alternative air transportation options to improve interisland connectivity between the Dutch Caribbean Islands by making

it more affordable, more efficient, and more sustainable and is organizing the 1st International Sustainable Air Transportation Event called "A Flight to the Future" in Aruba from November 7 through 11, 2022. "Health care, labor markets, social networks and the economies can all benefit from more affordable and more sustainable air connections", said Chair Joost Meijs on behalf of the DCCA.

Royal NLR – Netherlands Aerospace Centre, will be participating in the event. For this occasion, NLR's electric research aircraft the Pipistrel Velis Electro will perform several e-flights. In fact, today's flight was the first one with an electric airplane in the greater Caribbean region. The Pipistrel Velis Electro is a 2-seater propeller training aircraft that is fully powered by an electromotor and can fly for a duration of 30 minutes, considering a 30-minute reserve time. The electric research aircraft of NLR will also be demonstrated in the hangar at the airport to the local community of the island. NLR believes it is crucial to involve everyone in the journey to a sustainable future

of aviation.

During the week, speeches and presentations will be given, panel discussions will be held, masterclasses will be provided, and daily electric flight demonstrations will be performed with the Pipistrel Velis Electro at Aruba Airport. The knowledge shared during that week of the event will be different each day. Key themes will be: Discover the Undiscovered focusing on Sustainable Aviation, Built for Experience focusing on Sustainable Tourism, Pushing the limits: changing the Future focusing on Sustainable Airport Operations, Reality Check focusing on current Research and Investments, and Connecting Generations which will give the local community the chance to experience the Pipistrel Velis Electro up close.

Free virtual registrations are still available for the event which will be live streamed via [www.dccairports.com/](http://www.dccairports.com/) live on November 7 through November 11, 2022. For more information on the event and virtual registration, please visit our DCCA website [www.dccairports.com](http://www.dccairports.com).
